**G.B. PRESIDENT**

I extend my hearty greetings to the students, teachers, staffs, parents as well as all other stakeholders of the college. It has been forty-five years since the college was established in August 29, 1979. It was the fruit of unflinching love for education and untiring efforts of the people of Hajo. Nelson Mandela once said, "Education is the most powerful weapon you can use to change the world." While the statement of Mandela is true and does not raise a question at all, Pt. Jawaharlal Nehru's statement that "Only through the right education can a better order of society be built up" is illuminating. And only if "right education" is applied for the right cause we can fulfil the vision- *Jilikaba Luitore Par-* of the great Assamese luminary Sudhakantha Bhupen Hazarika. As the President of the Governing Body of this college, I have always aspired to instil values, life skills and good habits in our students so that they stand out as infinite potentials and make a difference in the society and yet be a good citizen of mother India. I believe that the dedicated teachers, motivated students, supportive staffs and enthusiastic parents of the college will bring laurels to the college."

The college has already expanded, not only in size of infrastructure but also in number of subjects, disciplines and programmes that the college offers today. I hope this glorious journey of the college will continue and it will grow into a centre of excellence in the true sense.

*Jai Hind; Jai Ai Asom*

*Uttam Chandra Das*

**Mr. Uttam Chandra Das**  
President, Governing Body  
Suren Das College, Hajo

Message from  
**PRINCIPAL**

Suren Das College has always been a symbol of quality education and progressive thoughts. Everyone in the greater Hajo area has witnessed that this college has grown by leaps and bounds in terms of its structure and programmes in a span of few years only. From a single stream college in the Arts it has grown into a multiple stream institution accommodating programmes such as B.Sc./ B.C.A./ B. Voc. in MLT; Dress Designing; and Travel and Hospitality Management / P.G. in Political Science. It is matter of rejoice that many students of B.Voc. MLT has got recruitment in various government and non-government platforms, not to speak of many hundred students who have been placed through skill initiatives undertaken by the College. In this regard, I mention that NSDC has approved our college as skill-hub training partner. I am glad to inform all that the college has already submitted proposal to the Government of Assam for introduction of B. Com. at the Under Graduate level. Further, the Government of Assam has recommended our college to National Council of Teachers' Education (NCTE) for introduction of integrated B.A. B.Ed. and B.Sc. B.Ed. under Integrated Teachers' Education Programme (ITEP). It is expected that once these proposals come to fruition, this lovely institution of ours will attract students from far and wide. The college has been a success story for joint efforts of all the stake holders- students, parents, teachers, staffs and the alumni. The Governing Body of the College has always guided us in this effort.

The NEP 2020 has envisaged that by 2030 all institutions of Higher Learning should obtain U.G.C. autonomy. I assure you all that we are not going to lag behind. Very soon we are going to apply for U.G.C. autonomous status- "A"- Grade to the College by NAAC during 3rd Cycle of Assessment in February last year (2023) has already made us eligible for Autonomy.

I see ray of hope and great illumination ahead. We should rejoice such glory of the college and appeal all to stand one and united for the noble cause of education.

(Dr. Hiranya Kumar Sarma)  
Principal  
Suren Das College, Hajo
