

SUREN DAS COLLEGE, HAJOO

NEWSLETTER : 2022-2023

Volume : 9, August, 2023

OUR VISION :

Empowering the rural masses through quality education and enabling the youths to meet the challenges of future.

OUR MISSION :

- To develop competent, committed and compassionate leaders through education, knowledge generation and its dissemination.
- To strengthen the teaching-learning process through innovative practices.
- To create good institutional infrastructure and excellent human resources
- To impart entrepreneurial and life skills to students for enhancing employability.
- To develop the College through capacity building of the stake holders.

Message from PRINCIPAL

In the words of Rabindranath Tagore, "Reach high, for stars lie hidden in you. Dream deep, for every dream precedes the goal."

Suren Das College is not just a name, it's an institution where the people of the greater Hajo area placed their hopes for higher education. It's our pride and identity - an institution which mirrors honour, dignity and glory. I do believe earnestly that every member of this family gives his/her best to highlight and promote the best of this institution.

It is my utmost pleasure to let you know that the college has been awarded A grade by NAAC in the 3rd Cycle of evaluation and given a meaningful recognition to the painstaking labour of the college fraternity.

By far, ideal education is not just about muttering the words one after another, nor does it define being crowned with degrees. It is all about bringing a transition in the overall personality of the being. It is about attaining idealism by inculcating moral values, magnanimous virtues and helping students to carry on the eternal process of education with zeal, potentiality and enduring patience.

The post-modern world has become a battleground of multifarious activities and avenues. As such, it has become highly essential for a student to keep himself abreast of the latest form of knowledge and technology, in spite of the existing disparities in various domains. In the humdrum pace of the modern hectic life, our teachers have given their best to make an extra effort to reach out to the students with love, care and affection.

We are trying to show utmost concern to steer clear their problems unanimously and give them a platform to open up and polish their skills in every field to rise up as a competent warrior of tomorrow. This happens to be a mammoth task without the co-operation and contribution from our teachers and everyone involved in this institution. Therefore, we anticipate from each and every member of the institution to co-operate whole heartedly and work with harmony to promote the best in every facet of the institution.

As such, the work of publishing the Newsletter annually has become yeoman's service by the teachers to mirror, reflect and give a voice to the ongoing activities, achievements and vibrancy of the institution.

Once and for all, I express my heartfelt thanks and gratitude to the Editor and all the members involved for their sincere effort, for working religiously to get it published and for making it a grand success.

(Dr. Hiranya Kumar Sarma)
Principal
Suren Das College, Hajo

From Editor's Desk

Like the earlier issues, this issue of Newsletter of Suren Das College showcases some of the noteworthy events witnessed and experienced by the college. Here, endeavour has been made to recount various activities and events held in the College and disseminate those to various stake holders. The year proved to be eventful for the students' community also, as apart from involvement in the regular activities, some of them got the opportunity to visit Jawaharlal Nehru University, New Delhi, to participate in the *Ek Bharat Shrestha Bharat* programme organized by Govt. of India. Some students also participated in the 7th North-East Graduate Congress held at University of Science and Technology, Meghalaya, and also in the closing ceremony of the celebration of 400th birth anniversary of Lachit Borphukan held in New Delhi.

The year 2022-23 proved to be one of the significant and memorable years in the history of Suren Das College. It may be considered a milestone for the college as in this year, the College has been accredited A grade, in the 3rd cycle of NAAC assessment. It is beyond doubt that it has become possible only because of the incremental progress, the College has achieved in the last few years, and the efforts and toil of the college community which has not gone in vain.

It is certain that, the A Grade accredited by NAAC to the college has boosted us up to proceed for further development, but it is also true that we cannot be complacent, as in the words of Robert Frost, we have 'miles to go before I sleep' and so, adhering to the Upanisadic aphorism *Charaiveti Charaiveti* we have to move on without having any pause.

Before winding up, on behalf of the editorial board, I offer heartfelt thanks to Suren Das College fraternity for their cooperation and apologise for unintended mistakes.

Dr. Ripima Buzarbaruah

NAAC PEER TEAM VISIT

The year 2023 brought one of the very proud moments for Suren Das College, when the college successfully completed the 3rd cycle of NAAC assessment, and is now recognized as an 'A' grade college. The NAAC PEER TEAM had visited the college premises on 9th and 10th February, 2023.

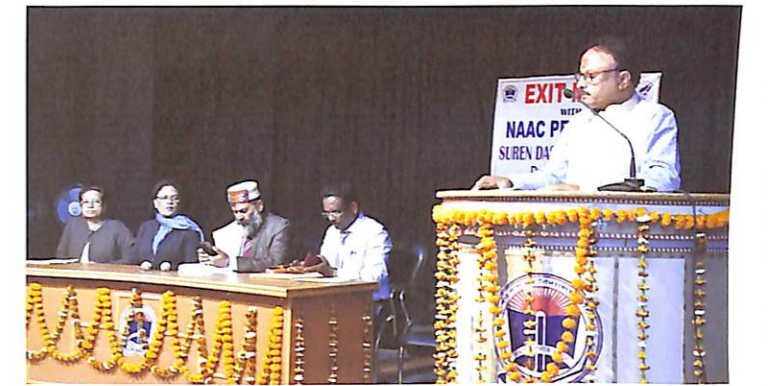

The team consisted of Prof. (Dr.) A.D.N. Bajpai (Chairperson), Prof. (Dr.) Aravind Mulimani (Member Coordinator) and Dr. Madhu Prashar (Member). On day zero, that is on February 8, 2023, the pre visit meeting of the Peer Team with the Principal of the College and the IQAC Coordinator, was held at the place of their stay and the schedule for the next two days was finalized.

On 9th February, the Peer Team arrived at 9 AM and was offered a grand welcome by the students and staff of the College. The first day of the assessment included programmes like presentations by the Principal, IQAC Coordinator and Heads of the Departments, visit to the Departments and laboratories, interaction with teaching and non-teaching staff, alumni, students and guardians, visit to physical facilities like library, gymnasium, computer center, canteen etc. and verification of office records and accounts. The proceedings of Day 1 ended with a colourful cultural program representing the traditional and cultural diversity of the region, performed by the students of the college, which was highly appreciated by the Peer Team members.

On 10th February, the Peer Team interacted with the coordinators of the cells and verified the records and documents. The team members mostly remained busy with the writing and uploading of the final report. In the evening, Exit meeting was held and the report of the assessment was handed over to the college authority, marking the end of the two day hectic schedule of the NAAC Peer Team visit.
